

PRODUCT DESCRIPTION

BF 700 FLUO series is made of Polyurethane and has a brilliant neon finish. It can be heat applied on organic or synthetic fibers in just ten seconds. This product is easy to work with; the sticky polyester carrier allows for fast weeding and easy repositioning of details that might have accidentally been removed. It is also soft and comfortable to wear, even with bulky designs. Its thickness (90 micron) and its elasticity make BF 700 FLUO pleasant and soft on any garment, and ideal for multi-layer applications. BF 700 FLUO can withstand wash cycles up to 60°C.
